

# Towermatic T300

ACCESS TOWER SOLUTIONS

# INSTANT

QUALITY & STRENGTH YOU CAN TRUST

**The Towermatic T300 represents the worlds first truly passively powered, self erecting access tower providing a safe, stable working platform for two operatives in seconds. Using a patented geometric design combined with finely balanced tensioning springs and dampers, the T300 rises to a number of useful platform heights with minimal effort. When the work is done, unlock the safety devices and the T300 glides back to its compacted state with a safe and controlled action.**

## Key Features

- Fast and Easy to Erect
- No loose components to lose or forget
- Compact fully folding flat pack design
- Lightweight, easily deployed easy to transport
- Simple operation - minimal training
- Conforms to all relevant Industry Standards
- Patent Pending
