

INSTANT HD

Modular Scaffolding System

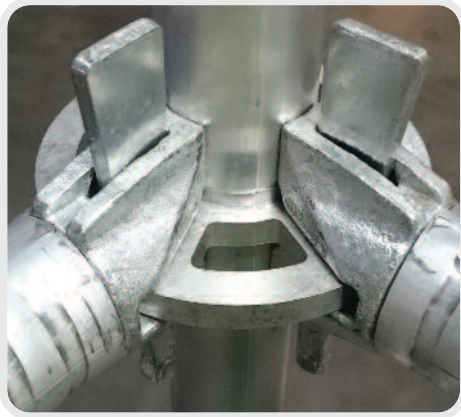

INSTANT
QUALITY & STRENGTH YOU CAN TRUST

INSTANT HD

Modular Scaffolding System

Key features

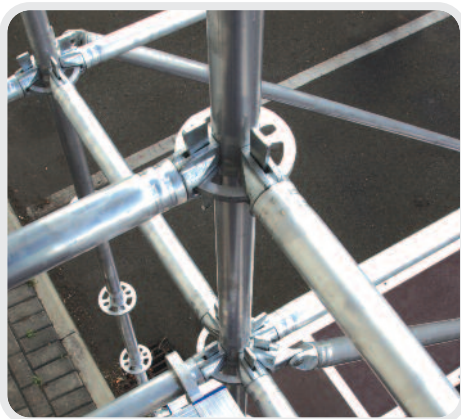

Rosette Connections

LIGHTER

Constructed from high strength aluminium alloy. Instant HD weighs less than 45% of comparable steel systems.

STRONGER

Patented cold-form joint provides improved load capacity over welded joints.

Attachments can be made at any angle

FASTER

Assembly times are reduced due to lower component weights. Productivity can be increased by 20% or more.

LOWER COSTS

Up to 30% reduction in labour, transport and storage costs due to lighter components.

Light weight

SAFER

Lighter components reduce the risk of injury and physical strain on workers.

Tested to EN12810 and available in both conventional and metric versions.

INSTANT UPRIGHT
